

King Brewery Dark Lager

FLAVOUR CHARACTERISTICS:

Our authentic brewing technique, using only the finest imported Dark Munich Malt and Noble German Hops, gives this beer King's trademark "true to style" aroma and flavour. This deliciously dark lager is red-brown in colour, with a thick tan coloured head and a rich, full palate. It delivers a complex yet clean bready taste with a hint of toasted chocolate, and leaves elegant lace lines to the bottom of the glass.

Extremely flavourful, balanced and refreshing, our Dark Lager can be truly appreciated from the very first taste.

FOOD PAIRINGS:

Pairs well with all European continental style foods and cheeses.

RETAIL PRICE	

ABOUT THE BREWERY:

King Brewery, located in Nobleton, Ontario, officially opened in July of 2002 with one of the only authentic German decoction brewhouses in Canada. Committed to brewing stylistically authentic, ultra premium beer, the brewery has earned immediate recognition with both discerning beer drinkers and critics alike.

King Brewery offers an unprecedented combination - the craftsmanship and heritage of Old World brewing, combined with the freshness of a local product. With it's leading edge thinking and technology, King continues to produce beer that rivals the best imports in both taste and quality.
