

King Brewery Pilsner

FLAVOUR CHARACTERISTICS:

An authentic Czech-style Pils Lager brewed with only 100% imported Bohemian malts, Saaz hops and a true strain of Czech yeast.

King Pilsner is bright golden coloured, full-bodied beer with a refreshing taste. It delivers a soft texture, complimented by the proper balance of malt and Saaz hops. Its flavour begins with a pleasing malty taste, imparts a dry bitter tang, and finishes very cleanly. Consumers are quoted saying “there is not a beer in Canada that tastes like King Pilsner”, and “this beer tastes like the true Pilsners in Europe”.

FOOD PAIRINGS:

King Pilsner pairs well with a wide variety of foods, and has enough body to compliment even the heaviest of meals.

ABOUT THE BREWERY:

King Brewery, located in Nobleton, Ontario, officially opened in July of 2002 with one of the only authentic German decoction brewhouses in Canada. Committed to brewing stylistically authentic, ultra premium beer, the brewery has earned immediate recognition with both discerning beer drinkers and critics alike.

King Brewery offers an unprecedented combination - the craftsmanship and heritage of Old World brewing, combined with the freshness of a local product. With it's leading edge thinking and technology, King continues to produce beer that rivals the best imports in both taste and quality.
