

# Thornbury Premium Cider

## ABOUT THE CIDER:

Thornbury Premium Cider is a truly original Canadian cider that tastes like a traditional English cider: dry, crisp and premium. It's made with 100% fresh-pressed local apples (not from concentrate), and crafted in the 100 year old Thornbury Village Cidery in Georgian Bay, giving this cider it's unique character.

## FLAVOUR CHARACTERISTICS:

Fresh apple aroma and flavour. A light body with a refreshing balance of sweetness and slight acidity. The flavour remains bright and distinct throughout a long sparkling finish.

## FOOD PAIRINGS:

A light and refreshing cider, it pairs well with a wide range of foods, but is especially great with BBQ ribs, chicken, salmon, seafood and pork. Enjoy with a splash of orange juice for a unique brunch experience.

## KEY INFORMATION:

COUNTRY OF ORIGIN	Canada

KEG FITTINGS	U.S. Sankey (provided upon request)
LINE CLEANING	Provided
PRODUCT AVAILABILITY	Bottles: Available in June through LCBO stores
CSPC #	256099
RETAIL PRICE	

## ABOUT THE BREWERY:

Thornbury Premium Cider is traditionally crafted in small batches from locally sourced, fresh-pressed apples in our historic location in Thornbury, Ontario - the heart of apple country. The apple packing industry began in Thornbury in the 1880's, and in 1932, John Mitchell, of Mitchell Brand apple products, built one of the first large apple processing facilities in Canada, which is now home to the Thornbury Village Cidery.

We are proud of our 100% Canadian cider, and we know you'll enjoy it.

New packaging available in June 2011.

\*Naturally Gluten Free and suitable for Celiac & Vegan diets.
